

Cucumbers

Look: Cucumbers come in many different sizes and most are long and cylindrical in shape. The skin is dark green and thick with the flesh being a soft and white.

Taste: Cucumbers have a fresh and mild taste that ranges from slightly bitter to sweet. The seeds are edible!

Touch: The outside of a cucumber is smooth, shiny and slightly bumpy!

Cucumbers are used as remedies for sunburn relief and pest control!

Did you know?

Pickles are cucumbers in a brine!

Nutritionals

Cucumbers are basically a multivitamin in every bite!
